

PVC Post Consumer Packaging Recycling Funding Application

Funding period 2027 | Submission deadline Friday 30 October 2026

This application form enables SAVA to assess requests from established recyclers seeking grant funding, an interest-free loan, or a combination of both to increase the collection and recycling of rigid and flexible PVC post-consumer packaging during 2027. Complete every applicable section and attach the supporting documents listed at the end of the form.

Important: Incomplete applications or applications that do not demonstrate a viable source of PVC packaging waste and a sustainable end market may not be considered.

Applicant company	[Type company name]
Primary contact person	[Type name and position]
Funding requested	☐ Grant ☐ Interest-free loan ☐ Both
Application date	[DD / MM / YYYY]
Are you currently a SAVA member?	☐ Yes ☐ No

Application overview

Provide a concise summary of the business, the funding request and the expected result. (Maximum 250 words)

Applicant declaration at submission

- ☐ All questions have been answered
 ☐ Required attachments are included
- ☐ Information supplied is accurate

1. Company and contact information

Registered company name	
Trading name	
Company registration number	
Year business commenced	
Physical address	
Province and municipality	
Website or social media	
Managing member or director	
Position	
Telephone number	
Email address	
VAT number	

2. Current operations and PVC materials processed

☐ Rigid PVC

☐ Flexible PVC

☐ Both

3. Future plans to incorporate PVC packaging

if you are not currently reprocessing any packaging, how would you incorporate it in your current stream?

Please list which types of PVC packaging you are able to process?

Source of materials (e.g. own networks and own collection, waste management companies, waste pickers:

What is your current maximum processing capacity? (State kg or tonnes per month)

List the main plant, machinery and infrastructure currently used to process PVC?

What additional machinery would you need to acquire in order to successfully process PVC packaging materials, e.g. wash bay, granulator etc?

How would investing in new machinery improve your output capacity?

Explain how incoming material and recycled output are weighed, recorded and verified.

Describe how you are currently sourcing, collecting, transporting and paying for material?

Does your company currently collaborate with and support waste pickers? *Please explain.*

4. Products and end-markets

What end-markets have you developed or do you have access to that would use your reprocessed PVC Packaging? *(Please provide a description of the end-markets and if possible, supply photographs)*

5. Funding request

Grant funding requested for 2027	R [amount]
Interest-free loan requested for 2027	R [amount]
Proposed loan repayment period	[number] months
Total project value	R [amount]

6. Project plan and measurable 2027 outcomes

Describe how the funding will be used to expand or strengthen the operation.

Measure	Current baseline	Target after investment
PVC packaging collected per month	[kg]	[kg]
PVC packaging recycled per month	[kg]	[kg]
Processing capacity per month	[kg]	[kg]
Direct permanent jobs	[number]	[number]
Temporary or contract jobs	[number]	[number]
Waste pickers supported	[number]	[number]

Explain the expected environmental and community impact of the project.

7. Monitoring and reporting commitment

If funding is approved, the applicant will be expected to agree to measurable targets and submit monthly progress reports.

- ☐ Monthly tonnage reporting
- ☐ Employment and waste picker reporting
- ☐ Supporting invoices and proof of payment
- ☐ Site visits or verification

Name and position of the person who will be responsible for SAVA reporting.

8. Additional information

Provide any other information that may assist SAVA in evaluating the application.

9. Declaration and consent

I certify that the information and supporting documents supplied in this application are true, complete and accurate to the best of my knowledge. I am authorised to submit this application on behalf of the applicant. I understand that submission does not guarantee funding and that SAVA may request additional information, conduct due diligence, verify the information provided, undertake a site visit, contact named suppliers, customers or partners, and invite shortlisted applicants to present their project, budget and anticipated impact to the SAVA directors via Zoom or another online platform. If approved, the applicant agrees to enter into a formal funding agreement and comply with its targets, reporting, verification and repayment requirements.

☐ I accept the declaration and consent above
